

MAKING FIGHT FOR EIGHT-HOUR DAY

American Federation of Labor
Declares War Against Manu-
facturers' Association.

SPECIAL COMMITTEES
APPOINTED FOR THE WORK

Appeal for More Money to Fight
"Arch Enemies of Labor"
Made.

NORFOLK, Va., Nov. 12.—The American Federation of Labor, in its twenty-seventh annual convention here today, took aggressive steps toward the establishment of a universal eight-hour working day in America and began action looking toward ways and means for the raising of a sufficient fund to fight the present war that its executive council reported has been begun through the Manufacturers' association, with an available fund of \$1,500,000 on hand by the latter, to wage battle against organized labor, with particular aim by the Manufacturers' association against the efforts of the American Federation for the amelioration of the conditions of the working class.

The federation authorized President Gompers to appoint a special committee for the consideration of both these questions, the committee to report during the present sessions. President Gompers also was authorized, upon resolution of the executive council and unanimous vote of the federation, to appoint a third special committee to provide ways and means for the increased circulation of the American Federalist, the official organ of the National body.

Ask Aid of Congress.

A resolution was presented by James O'Connell of Washington, calling for a report by committee of a bill to be presented to the next Congress giving the same relief at law to employees in United States navy yards who may be disabled by accidents or to the heirs of navy yard employees who may be killed while in the pursuit of their occupation as that enjoyed by persons employed by the corporations. Another resolution was presented by Mr. O'Connell asking Congress to legalize the half-day holiday on Saturday during the months of July, August and September, which employees of all Government navy yards, individual stations, Governmental factories and arsenals have enjoyed by proclamation of the President during the past two years. The important features of the annual report of the executive council were on the revocation of the Brewery Workers' charter because of their alleged refusal to relinquish jurisdiction over the brewery engineers, firemen and teamsters, and the report of the court proceedings which have been brought against the union through the Manufacturers' association restraining the members of the executive council from placing the goods of a certain store on the "we don't know" list. This, the report declared, was an effort by the "arch enemies of labor" after failure to secure all labor unions, to discredit the discretion, the honesty and integrity of the American Federation of Labor and to deprive them of the freedom of speech and of the press and of their personal liberty.

Need of More Funds.

The report declared that the federation is without sufficient funds to meet the war that the Manufacturers' association will be able to put forth and asked for action by this convention for raising the same.

The federation at present has only a per capita fund of six cents per year for meeting all expenses and emergencies. On behalf of the electrical workers, attention was called to the alleged "discrimination and unfair treatment" by the American Telephone and Telegraph company.

Denver, Toronto and Cleveland are in the field for the 1908 convention, with Seattle bidding for 1909.

GOVERNOR OF HAWAII WILL VISIT WASHINGTON

SAN FRANCISCO, Nov. 12.—Gov. W. F. Frear of Hawaii, en route to Washington, arrived in San Francisco this morning on the Oceanic liner Alameda, and will remain here several days.

Asked for his views upon conditions in the islands, the Governor stated: "Naturally, Honolulu at the present time is feeling the effect of the financial depression predominant all over the country. Money is a bit scarce, but nothing like an attempt to issue clearing-house certificates has yet been made in the islands. Nevertheless, affairs are prosperous in the islands, and heavy crops have left all happy."

Several matters have called Hawaii's Governor to Washington, where he will talk over island affairs with President Roosevelt. Among other things, he will urge the importance of modifying the immigration laws so Hawaii may secure desirable immigrants from Europe, the necessity of improving Pearl Harbor, the need of public buildings in Honolulu, and the proposed establishment of a college of agriculture will be brought to the attention of the Nation's Chief Executive.

THE OLD AND NEW WAY

Some Important Facts Which May Prove Helpful.

Thirty years ago old-fashioned cod liver oil had to be forced down a patient's throat. Invalids couldn't take it, and children wouldn't. But the doctors prescribed it, and it had to be taken by force. Yet it cured people where enough could be taken into the system, for it has ever been the greatest of all tissue builders and general reconstructors known to medicine.

We are now anxious to have every one know that Vinol is a new form of this very old and valuable remedy, containing in a concentrated form all the medicinal elements of cod liver oil, actually taken from fresh cod's livers, but by an extractive and concentrating process it is made without oil or grease, and is as delicious to the taste as a fresh orange.

Vinol does not upset the stomach like old-fashioned cod liver oil and emulsions; its strengthening and healing properties are remarkable, and both doctors and patients are delighted with its action.

Many wonderful cures right here in Salt Lake City, Utah, have been effected by its use, and we ask all of our customers to try Vinol on our guarantee to return money, every time it fails to make rich, red blood, increase the appetite, cure stomach troubles, give strength and renewed vitality to the aged, run-down, tired and debilitated, or cure chronic colds, hacking coughs or bronchitis. MRS. CARRIE NATION NOT ALLOWED TO SPEAK

Woman's Christian Temperance
Union Turns Down Noted
Saloon Smasher.

NASHVILLE, Nov. 12.—The National Woman's Christian Temperance Union today re-elected Mrs. Lillian Stevens, Portland, Me., president; Miss Anna A. Borden, Evanston, Ill., president-at-large, and Mrs. Hanna M. D. Fry, Evanston, Ill., corresponding secretary.

The resolutions committee report adopted a decision for the same against the purity for men and women, and for women's suffrage. A resolution, the object of which was to stop football, was voted down. The platform rejoices over inauguration by the secretary of Commerce and Labor of "an inquiry into the disgraceful traffic whereby innocent young women are brought from and carried to foreign lands under pretense of securing honorable employment, but in reality are taken to dens of infamy. We appeal to the nations of the earth to bring this iniquitous traffic to a termination."

Mrs. Carrie Nation asked to be allowed to speak, but was refused. She later addressed a large audience at the street.

Girl Burned to Death.

LOS ANGELES, Cal., Nov. 12.—Herlinda West, daughter of Mr. and Mrs. George West, of Mexico City, Mex., was burned to death last night at the home of Deputy Sheriff Best Rico, 125 East Fort-second street, where she was visiting. Her clothing became ignited from the flames of a gas stove.

Echo of Eddy Case.

CONCORD, N. H., Nov. 12.—The next friends of Mrs. Mary Baker G. Eddy, who attempted to secure an accounting of her property, must pay the costs of litigation, under a ruling of the court made today. The master's fees, aggregating \$10,000, however, must be paid by the trustees of Mrs. Eddy's estate.

Big Grocery Bankrupt.

SELMMA, Ala., Nov. 12.—The Gary Grocery company, one of the largest wholesale firms in central Alabama, was declared bankrupt this afternoon and E. Lemar was appointed receiver. The liabilities are estimated at more than \$100,000. Assets are yet unknown. Bad collections are given as the cause of the failure.

The money question is settled.

Bring in your checks, bank scrip or cashier checks, they are as good as gold—we will gladly cash them for you and throw in a pleasant look and all the smiles you want.

Speaking of smiles, should remind you that wearers of Money Back shoes always smile. Shoes made in our own nature lasts make your feet happy. They go on like a glove and fit all over.
